

PENTATONIC MELODY N@

What is Pentatonic?

Penta = 5, Tonic = tones.

So..... there are 5 tones in this scale

What is the pentatonic scale?

A scale that uses only 5 tones. Specifically, the 1st, 2nd, 3rd, 5th, and 6th scale degrees of the diatonic scale (Do, Re, Mi, Sol, and La).

It is a scale without any half steps.

There can also be minor pentatonic...

Just use the same notes, and start on La... So you have La, Do, Re, Mi, Sol.

Your Project:

Compose using only the pentatonic scale. You can change between Major and Minor Pentatonic.

Instrumentation: Melodic instrument (can be more than one), Bass, Percussion (drum set, auxiliary, etc... Your choice!)

Length: minimum 1 minute

Form: A B A

DUE DATE:
